

Follow this checklist and get your computer Virtual Networking ready!

We currently only support Chrome, Safari, or MS Edge browser on your desktop/laptop computer!

To get the full networking experience use a computer with a camera and microphone. It's not required but will let you have an amazing experience!

As we use the latest video technology, make sure your browser and Operating System is updated to the latest version. Please check that you are using a compatible browser and OS that fulfills the versions listed in the table below.

[Click here to check your OS and browser version](#)

OS	OS Version	Browser	Browser Version
Mac	10.13+	Chrome	77+
Mac	10.14.4+	Safari	12.1+ (No screen share) 13+ (Full compatibility)
Windows	10	Edge	17+ (No screen share)
Windows	10	Chrome	77+

Check that your browser, hardware and internet connection fulfills our requirements on this webcam test page:

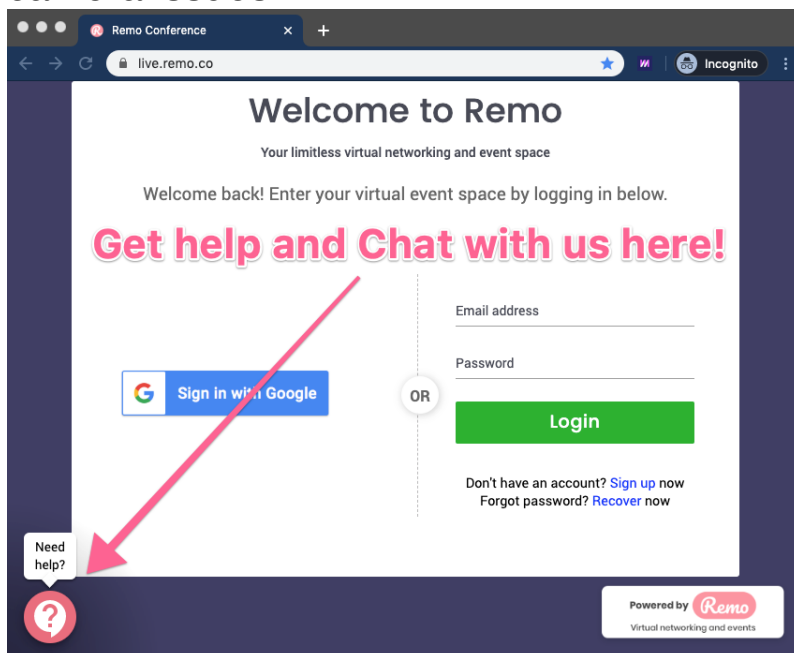

<https://tokbox.com/developer/tools/precall/>

If your camera or microphone does not work here are some troubleshooting guides to help you resolve common issues:

[My camera and microphone does not work on Windows 10](#)
[My camera and microphone does not work on MacOSX](#)

If your camera or microphone still does not work, go here live.remo.co and click on the "Need Help" button on the bottom left corner, we also have a self-help [guide here](#) for microphone or camera issues.

Locate yourself in a quiet place with a non-distracting background.

Watch this youtube video for instructions on [How to use Remo](#)
Most importantly have fun and network with peers!
